This should be fine. The attorney represents the company.

Chris and Audrey,
Re: Rotary Drilling Supply site

The owner's attorney signed the attached access form, on the owner's behalf----access for routine Superfund site assessment sampling. Is this adequate access? I am not sure about attorney agency for the owner.

We don't have a Superfund attorney assigned, perhaps because it is a CWA case, and no Superfund release has yet been determined.

I executed the form on behalf of the property owner.

Please let me know the exact date on which the samples will be taken.

Thank you.
